

## HER MISSING SON IS BROUGHT BACK TO MOTHER DEAD

Sight-Seeing Auto Crushes  
Life Out of Samuel Rosen-  
berg, Fifteen Years Old.

### DEATH WINS HOT RACE.

Ambulance Makes Record Run,  
but Victim Succumbs Before  
Reaching Operating Table.

Samuel Rosenberg, of No. 105 Norfolk street, who left home in anger several weeks ago, was today taken to his mother's corpse. A bright, lively boy of fifteen, he and his brother Frank quarreled with their mother and both left home. Samuel's father wanted him to return, but he said he would not go back without his brother. His brother had shipped aboard some vessel that sailed from New York, and no one knows where he is. So Samuel remained on his mother's side.

#### Killed by an Auto.

Early this morning Samuel was killed by a sight-seeing automobile in Houston street, between First avenue and Avenue A. He had been working at a grocery on the east side, but yesterday lost his position. He told several of his friends that he would never go back home, and seemed disheartened last night when he had been unable to find another position. He said he had his bicycle, and was riding about the streets with no place to go when he met his death.

His head was bent low over the handle-bar as he reached a stack of pipes in the street. Just as a big sight-seeing car, with a gay party returning from Coney Island, approached from an opposite direction the boy turned his head to avoid striking the pipes, and the huge car hit his machine. Those in the auto shuddered and shrieked as they felt the wheels crush the boy's body. Many of the handsomely gowned women passengers removed their automobile coats and wraps and placed them under Rosenberg's head.

#### Record Run to Hospital.

Dr. Woodruff came from Bellevue Hospital in an ambulance, and saw that there was little hope for the boy except in an immediate operation. The police cleared away the crowd and, whipping up the horses and sounding the gong, Driver Russell made a record-breaking trip back to the hospital.

On the way young Rosenberg between semi-conscious gasps called for his mother. He died at the door of the hospital.

The sightseeing automobile belongs to the New York and Coney Island Transportation Company, with offices in Broadway, between Forty-first and Forty-second streets.

Henry Reink, of No. 74 East Ninth street, the chauffeur, was arrested charged with homicide. He said when he saw the boy aware toward the auto he applied the brakes, but no power could have stopped it in time to prevent the accident.

Rosenberg, the boy's father, is a diamond cutter and a well-known street, and left for Europe on business about a week ago. It is said that before he left he told his wife that if his two boys were induced to return home before he finished his business he would never come back to her. The family consisted of the parents and five children.

Mrs. Rosenberg is prostrated.

## SOLAR RAYS NEARLY COST MAN HIS LIFE

Burned by Sun While Lying  
on Beach Sands, Man Suf-  
fers Frightful Agony.

With the flesh on his body an angry red and swelled until his legs and arms are almost twice their ordinary size, James Smith, a Chinese rear old, is in Kings County Hospital to-day suffering agonies from sunburn. For a time it was thought young Smith would die, but to-day the doctors say he will recover unless blood poison or some unexpected complication results.

Smith, who lives at No. 401 East Fourteenth street, Manhattan, went to Coney Island yesterday morning, and by 9 o'clock was running about the beach in his bathing suit. He wore his bathing suit all through the day, spending some of the time in the water. Mostly, however, he was lounging about in the sand.

Charles Slatery, a life-saver, came upon young Smith at 9 o'clock last night lying helpless on the beach and in great suffering. Dr. Johnson, of the Coney Island Reception Hospital, was called and hurried with the youth to the institution. Later when it was seen that Smith was suffering from sunburn, he was removed to the Kings County Hospital.

The doctors say that Smith is the first case of sunburn of this severity that has come under their notice this season.

### WASN'T SANDBAGGED: HAD WATER ON BRAIN.

Autopsy Discloses What Killed  
Curtis Page, the Springfield  
Architect.

The theory that Curtis Page, the Springfield, Mass., architect, who died in Dr. Bull's sanitarium on Tuesday, came to his death from a fractured skull, was abandoned to-day, when Dr. Dehane, Coroner's Physician, performed an autopsy at the Morgue. It was thought at first that possibly Mr. Page had been sand-bagged and robbed at Coney Island. He had a black eye. The result of the autopsy showed that Mr. Page was suffering from an edema of the brain, sometimes termed a "watery" condition, and that he also suffered from chronic nephritis.

## LEFT HOME TO BE CRUSHED TO DEATH BY BIG MOTOR CAR.

## FORGETS FLINGING STONE AT PASSENGERS

Missile Kane Doesn't Recall  
Hurling Injured Three  
Persons.

Roger Kane, a brewery steamfitter, faced Magistrate Harris to-day in the Morrisania Police Court and pleaded a total lapse of memory as an excuse for wrecking a trolley car on the Southern Boulevard and injuring two passengers and the motorman.

Kane's lawyer, the best thing about the case, was that Kane, when he heard of the accident, was not at the scene. He was at the Union Railway Company, tell how the steamfitter had drawn from his pocket a quart bottle of whiskey and asked all hands in the car to have a nip with him. Just then the conductor, Peter Riley, asked the bibulous one for his fare.

"You clear out of here," roared Kane. The conductor didn't clear, and Kane swung the bottle straight at his head. Riley dodged and the bottle smashed through a window, just between two other passengers' heads.

Mrs. Joseph Brand, of No. 57 Lake street, Newark, N. J., and Vincent J. Smith, of No. 101 East One Hundred and Twenty-eighth street, were cut by flying fragments of glass.

Kane jumped off the car, picked up a large stone and hurled it at the motorman, John Schmecke. The missile struck him a glancing blow on the arm, and the two passengers re-quired the services of a Lincoln Hospital surgeon. Kane was captured by the railroad inspector and looked up in the Alexander avenue station.

Magistrate Harris held him in \$200 bail.

## CONGRESSMAN HEPBURN ROOSEVELT'S GUEST.

OTTER BAY, I. I., July 11.—Congressman W. F. Hepburn, of Iowa, Chairman of the House Committee on Interstate and Foreign Commerce, was the special guest of President Roosevelt to-day.

KILLED WOMAN HE LOVED.  
TACOMA, Wash., July 11.—Driven to desperation by the false promises of the woman whom he loved, Frank Harvey early to-day shot and instantly killed Mrs. Gertrude Hall and fatally wounded Sherman Blanchard, whom he found in a room with her. After the shooting the murderer gave himself up.

Keep Well  
with Good Food

Proper selection of Food  
the sure way to get well  
and keep well. Use

## Grape-Nuts

A Mo. woman says:

"After getting over the grip, and while my stomach was so irritable I could not eat anything without distress, I found I could take a dish of Grape-Nuts with cream or good milk, and felt built up like I had eaten a full meal, and yet have none of the unpleasant effects of indigestion. I wish people knew this worth."

"It seems to me trained nurses and physicians could use it to such good advantage. It is really the most nourishing and easily digested food I ever tried."

Grape-Nuts food is now recommended by physicians all over the world. They know it contains the delicate particles of Phosphate of Potash obtained from the field grains. This is the element Nature combines with albumen of the food to build the soft gray substance in the nerve centres and brain, in the human body. The effect is in some ways like a stimulant, but does not wear off, for it is a natural rebuilding. Grape-Nuts can be made into a great many different and palatable dishes. As an illustration: A most delicious mock pumpkin pie can be made from Grape-Nuts after the following recipe: Pour boiling water over ½ cup Grape-Nuts, let stand 10 minutes; add 2 eggs, 4 tablespoons of sugar, 2 cups sweet milk, 3 tea-spoons of ginger, 1 teaspoon mixed spices. Stir over low fire until thoroughly boiled. Bake pie dough in deep pan. When done, put in prepared Grape-Nuts, return to oven and brown. Read "The Road to Wellville," in page "There's a Reason."

## A July Clearance Sale

### Parasols---Special at \$1.75

WORTH much more. Plenty of the wanted green shades among them. Well made, stylish parasols, taken right from our regular stock and reduced for quick selling. ## SIEGEL COOPER CO.

NO CONNECTION WITH ANY OTHER STORE J.B. GREENHUT, PRESIDENT.

### Merchandise Takes the Path of Least Resistance

CLEARANCE sales are common—every store has them. Siegel Cooper Clearance Sales are as different from the ordinary sort as the store itself differs from the ordinary store. We do not merely clear our own stocks—we clear the stocks of half the manufacturers in New York. Their goods come to us because we can take them in largest quantities and sell them fastest. Manufacturers who seek to clear shelves for their fall business do not care to do things in piecemeal fashion. We take their goods as a whole, caring little for quantities so long as the price is low. That's why this store, although in the rush of a clearance movement, is offering fresh, clean goods in full assortment from day to day at prices often no more than half the figures that were on the same goods two weeks ago.

### Refrigerators and Other Timely Needs

LOWERED prices all through our splendid stocks of summer house-furnishings. Standard goods in every case, straight out of our own lines. We never sell "seconds" in this Housefurnishing Store.

"Leader" Refrigerators
